“ Today I decided to Google my friend Mr. Hoag. I was saddened to learn of his passing. Mr. Hoag was always a joy to see. I worked as an activity aid for part of 2019. I loved seeing Allen's smile every time we would do an activity together. Allen would share stories of his life during our talks on Sunday mornings. I was honored to hear his stories and honored to know him. His beloved wife Joanne and son Mike became like a second family to me during my time at Wingate. I know I am quite late in learning of Allen's passing but nevertheless I pray the comfort of God continue to surround your whole family. My love to Mama Joanne in particular. I cherished the time I spent with you and your beautiful family.
Sincerely, Briyah

“ Bill was always like a father figure. When my father passed away, he was right there. You knew just by looking into his bright blue eyes what he was feeling. You could see the love for his family in sickness and in health. Although our paths split, he always spoke to me when we saw each other out and about. He always called me Hopie. He was a special person, humble, kind, faithful. One of my favorite memories was opening his father's day gifts in the garage, the "man" room of the house. Another is when I was recovering from surgery, I was home alone, and a huge wasp got in. I called him at home, he drove over, got rid of the wasp, and took me back to the house. He laughed the entire way to the house. He had a great sense of humor and good ear. My heart breaks for David, Michael, and Joanne. Thoughts and prayers will be with the family. God bless today and always.
