## Norma Mejias

I remember back then when Fernando was around 12 years old I was watching all four of the kids when there was a little argument among them and little Fernando got upset because I tried to stop it and put it into it. The next day he gave me this piece of paper. apologizing for the way, he acted he was always a little gentleman and aware of his actions. That's why I knew he was gonna grow up to be a good man. I'm gonna miss him dearly, but as the saying says God gives and God takes. my grandson is not gone. He still lives in our hearts we just gotta be strong. Let's all give our shoulders to Cry on, we are still a family, even though a few links are missing

FERNI as I always call you , we sat and spoke for nearly an hour 2 weeks ago and we were encouraging each other .You hugged me and said everything is gonna be OK. YOU have left an impression on my heart ☹️☹️ Forever in my heart. Ferni

We were friends from the day we met. We hit it off with our conversations, especially about cats. Your encouragement kept me going when i was down. I will always remember your sense of humor and your good heart. Friends like you are so rare. A true diamond in the ruff. Rest in peace my friend. It's going to be hard to mend this hole left in my heart.
